

COUNTING						
Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	
count to and across 100,			count backwards through	interpret negative	use negative numbers in	
forwards and backwards,			zero to include negative	numbers in context, count	context, and calculate	
beginning with 0 or 1, or			numbers	forwards and backwards	intervals across zero	
from any given number				with positive and negative		
				whole numbers, including		
				through zero		
count, read and write	count in steps of 2, 3, and	count from 0 in multiples	count in multiples of 6, 7,	count forwards or		
numbers to 100 in	5 from 0, and in tens from	of 4, 8, 50 and 100;	9, 25 and 1000	backwards in steps of		
numerals; count in	any number, forward or			powers of 10 for any given		
multiples of twos, fives	backward			number up to 1000 000		
and tens						
given a number, identify		find 10 or 100 more or	find 1000 more or less			
one more and one less		less than a given number	than a given number			
			G NUMBERS			
use the language of: equal	compare and order	compare and order	order and compare	read, write, order and	read, write, order and	
to, more than, less than	numbers from 0 up to	numbers up to 1000	numbers beyond 1000	compare numbers to at	compare numbers up to	
(fewer), most, least	100; use <, > and = signs		compare numbers with the	least 1 000 000 and determine the value of	10 000 000 and determine the value of each digit	
			same number of decimal		(appears also in Reading and	
			places up to two decimal	each digit (appears also in Reading and	Writing Numbers)	
			places (copied from Fractions)	Writing Numbers)	Witting (Willibers)	
		DENTIFYING REPRESENTING	AND ESTIMATING NUMBER			
identify and represent	identify, represent and	identify, represent and	identify, represent and			
numbers using objects	estimate numbers using	estimate numbers using	estimate numbers using			
and pictorial	different representations,	different representations	different representations			
and pictorial	anticiciti representations,	anterent representations	anite che representations			

representations including	including the number line		
the number line			

READING AND WRITING NUMBERS (including Roman Numerals)						
Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	
read and write numbers from 1 to 20 in numerals and words.	read and write numbers to at least 100 in numerals and in words	read and write numbers up to 1000 in numerals and in words tell and write the time from an analogue clock, including using Roman numerals from I to XII, and 12-hour and 24- hour clocks (copied from Measurement)	read Roman numerals to 100 (I to C) and know that over time, the numeral system changed to include the concept of zero and	read, write, order and compare numbers to at least 1 000 000 and determine the value of each digit (appears also in Comparing Numbers) read Roman numerals to 1000 (M) and recognise years written in Roman numerals.	read, write, order and compare numbers up to 10 000 000 and determine the value of each digit (appears also in Understanding Place Value)	
		LINDEDSTANDIA	place value.			
	recognise the place value of each digit in a two-digit number (tens, ones)	recognise the place value of each digit in a three-digit number (hundreds, tens, ones)	recognise the place value of each digit in a four-digit number (thousands, hundreds, tens, and ones) find the effect of dividing a one- or two-digit number by 10 and 100, identifying the value of the digits in the answer as units, tenths and	read, write, order and compare numbers to at least 1000000 and determine the value of each digit (appears also in Reading and Writing Numbers) recognise and use thousandths and relate them to tenths, hundredths and	read, write, order and compare numbers up to 10 000 000 and determine the value of each digit (appears also in Reading and Writing Numbers) identify the value of each digit to three decimal places and multiply and divide numbers by 10, 100 and 1000 where the answers are	

	hundredths (copied from Fractions)	decimal equivalents (copied from Fractions)	up to three decimal places (copied from Fractions)

ROUNDING						
Year 1	Year 2	Year 3	Year 4	Year 5	Year 6	
			round any number to the nearest 10, 100 or 1000	round any number up to 1 000 000 to the nearest 10, 100, 1 000, 10 000 and 100 000	round any whole number to a required degree of accuracy	
			round decimals with one decimal place to the nearest whole number (copied from Fractions)	round decimals with two decimal places to the nearest whole number and to one decimal place (copied from Fractions)	solve problems which require answers to be rounded to specified degrees of accuracy (copied from Fractions)	
		PROBLEM	1 SOLVING			
	use place value and number facts to solve problems	solve number problems and practical problems involving these ideas.	solve number and practical problems that involve all of the above and with increasingly large positive numbers	solve number problems and practical problems that involve all of the above	solve number and practical problems that involve all of the above
